

REDUCE, REUSE, RECYCLE

SIMPLE STEPS WITH HUGE IMPACT

Bin It

- Have you binned your litter?
- Get involved with litter-picking through Keep Britain Tidy Campaigns:
<https://www.keepbritaintidy.org/search/node/contact>

Recycle

- Sort your recycling
- Check what can be recycled in your local area:
www.recyclenow.com/local-recycling
- Make something new out of rubbish:
<https://www.bbc.co.uk/newsround/22951388>

Borrow, don't Buy

- Join a scheme like streetbank (streetbank.com) or the Library of Things (libraryofthings.co.uk) to borrow items for free or for small, affordable charges:

Food Waste

- Only buy what you need
- Find new uses for food that's still edible:
https://www.bbc.co.uk/food/articles/food_waste_recipes

Buy second-hand

- Commit to buying at least any 3 items that you need this year second-hand
- Purchase clothes at charity shops and/or brilliant schemes like the Leeds Community Clothing Exchange (leedscommunityclothesexchange.com)

Plant Trees

- If you have a garden, consider planting a tree there
- Join or begin a community / school tree-planting project though: woodlandtrust.org.uk/plant-trees/schools-and-communities/
